

Oxford Reading Tree: Stage: 1+: Clicker CD-ROM: Unlimited User Licence

Roderick Hunt, Illustrated by Alex Brychta

This CD-ROM is developed by Crick Software and comprises a talking book version of each of the six Stage 1+ Oxford Reading Tree: More First Sentences Pack A titles. With an audio facility the whole story can be heard read aloud. Clicker software is a child-friendly writing-support tool. It enables your pupils to build sentences by selecting words, phrases and pictures hear words spoken by realistic software speech before they write and hear completed sentences spoken back to them. Oxford Reading Tree for Clicker 5: Stage 1+: CD-ROM is available with a Single User Licence or an Unlimited User Licence.
