Oxidation of
Organic Compounds
by Dioxiranes

Waldemar Adam, Cong-Gui
Zhao, Chantu R. Saha-
Moller, Kavitha Jakka

This resource provides a comprehensive survey of dioxirane oxidations. The text offers the reader convenient and completely up to date access to the available literature. Supplemental references covers new work up to and including June 2008. The comprehensive literature survey includes papers published in languages other than English, as well as computational studies.
