

Packard : A History of the Motor Car and the Company

Edited by Beverly Rae Kimes

Only the legendary Packard could command a book of such scope and expense. This monumental work has required ten years of research, documentation and photography. It represents many more decades of collecting Packard automobiles, facts, photographs, technical data and information to record for all time every aspect, every model, every achievement of the Packard motor car and the men who made its name an emblem and international byword for taste and refinement in automotive design and engineering. Over three years were spent in intensive writing, checking, cross-checking, rewriting, coordinating, editing, and winnowing thousands of rare and unpublished historic photographs. This volume represents the scholarly efforts of sixteen contributors and was written by ten highly qualified authorities on Packard lore. Winner of a Cugnot Award.
