

Painting The Impressionist Landscape

Lois Griffel

Impressionism has inspired generations of artists and no one has done more for the cause than Charles Hawthorne, the founder of the Cape Cod School of Art. In *Painting the Impressionist Landscape*, author and artist Lois Griffel explores Hawthorne's theories on colour and light, in depth. Griffel, the longtime director of the school Hawthorne founded, teaches his philosophy like no other painter can, with inspiring step-by-step painting lessons and illuminating text. This is a true classic of art instruction.
