

The Painter, The Cook & The Art of Cucina

Anna Del Conte, Illustrated by Val Archer

This is a visually stunning book that takes you on a gastronomic journey revealing the products, the produce and the cooking of six regions in Italy - Piedmont, Veneto, Liguria, Le Marche, Puglia and Sardinia. Anna Del Conte provides a unique insight into these undiscovered parts of Italy that will make you want to visit after enjoying Val Archers paintings and Annas stories. Anna observes how passionate Italians are about the flavour and variety of their foods, seasonality, regional specialties and recipes, local producers and local food customs. In each region there are recipes chosen to represent the best use of the local produce, from restaurants or directly from local cooks. This is a totally original food book: for the first time here is a title that is lavishly illustrated with original paintings - over 100 rich oils by a leading painter.
